

AN UNFORGETTABLE EXPERIENCE STARTS HERE

Download our new networking app that will change the way you experience events. Not only does it contain all the information you will need to know about the event, but it will enable you to connect with your fellow conference attendees, register for sessions, see who else is attending, mark leads, set up meetings and so much more.

We're building a community and we want you to join us! Download by scanning the QR code or searching for the Bizzabo app on the App Store/Google Play.

AN UNFORGETTABLE EXPERIENCE STARTS HERE

KNOW EVERYTHING

ATTEND STRATEGICALLY

MAKE YOUR VOICE HEARD

MAKE IT LAST

BE A POWER NETWORKER

KNOW EVERYTHING

Review the event agenda, find session locations, read up on speaker bios, see who else is attending your event, participate in polls and more—all from the palm of your hand. The Bizzabo app will take your experience to the next level.

Our app's home page has modules such as your upcoming sessions to attend, an interactive venue map, the event description and more. In short, all the information you'll need to know - on one app!

User Tip: Your ticket info will be displayed on the app's 'Home' page. Don't worry about scrolling through your emails to find it!

BE A POWER NETWORKER

We want to give you the power to network like never before! Make the most of the experience with private one-on-one messaging, detailed attendee profiles, and social media integrations. The community is waiting for you!

User Tip: Other guests will be looking at your profile to see if you could be a potential connection for them as well. Make sure to sync your event profile with your LinkedIn profile to have the most up to date information about you presented.

ATTEND STRATEGICALLY

Before the event starts, you will be able to look at the agenda and speakers carefully and then add your favorite sessions to your personal "my schedule". This way you won't be missing out on any important sessions and we'll maximize your time.

User Tip: We want you to succeed, which is why our app allows you to see who else is attending, mark leads and set up meetings - all before the event has even begun.

**MAKE YOUR
VOICE HEARD**

With our live polls and surveys, you can interact with others in real time and make your voice heard. It's time for the events you attend to become interactive. Be a part of the action.

User Tip: Use the event hashtag to tweet and view other's tweets about the event in real time on the twitter feed tab.

**MAKE IT
LAST**

Just because the doors close, doesn't mean the experience must end. We're building a community that continues long after the event is over. Join us by scanning the QR code or searching for the Bizzabo app on the App Store/ Google Play.

User Tip: Download the app to review past events, sessions, speakers and conversations so that no moment is lost.
